

Holywell House Orthodontics Rugby– Net Zero Plan

Holywell House Orthodontics Ltd is committed to achieving Net Zero emissions by 2050 for emissions scopes 1,2 and 3. The commitment was made on 16/03/2026 by the Board of Holywell House Orthodontics Ltd.

Signed A C Sammut- Director

We are committed to reducing Greenhouse gas (GHG) emissions and are committed to scopes 1,2,3

Scope 1- These are direct emissions that are owned or controlled by a company, such as emissions from company vehicles and facilities.

Scope 2- These are indirect emissions from the generation of purchased electricity, steam, heating and cooling consumed by the reporting company

Scope 3- These are indirect emissions that occur in the value chain of the reporting company, including both upstream and downstream emissions, such as those from suppliers and product use.

Actions Taken-

- Appointment of sustainability Champion- Catherine Barrs. Catherine Barrs is currently reviewing all of our activities with a view to reducing GHG emissions
- Digital Scanning to reduce chemicals and waste used in impression material
- Recycling system in place
- Encouraging staff to walk or take a cycle to work
 - Staff have used Cycle to work initiative
 - Secure Bike store available
- Have switched to Energy efficient appliances

Action Plan to be completed by no later than 2050

- Solar Panels
- Solar Batteries
- Install Rock wall insulation on the outside of the property (installed at Hinckley and Manor already, reduces energy use for heating and cooling)
- Transition to LED lighting
- Promote Car sharing
- Ground Source Heat pump
